

Development Name:

Dwelling Type:

Checklist Pol 1 - GWP of Insulants								
Element	Proposed Insulation Materials	Unfoamed [U]/ Foamed [F]/ Installed Using Propellants [P]	Manufacturer	Product Name	GWP (if foamed)	Name of Blowing Agent Used (where installed using a propellant)	GWP of Blowing Agent (if present)	Reference to literature confirming GWP (if foamed or installed using a propellant)
Roofs								
Roof Type 1								
Roof Type 2								
Loft Access								
Walls								
External Walls								
Internal Walls								
Doors								
Lintels								
Thermal and Acoustic Insulation								
Floors								
Ground Floor								
Upper Floors								

Po1 1 (GWP of Insulants) – May 2009 version

Basement								
Foundations								
Thermal Stores								
Hot Water Cylinder								
Cold Water Storage Tanks								
Pipe Insulation								
Other Thermal Stores								

Note: The manufacturing process of insulating materials changes regularly. Because of this, this document does not include a complete list of insulating materials that comply and manufacturers should be approached for up-to-date information on their products.
